~ A Lamentation of Bandai ~

Originally written by Stephen Morgan on 1/2/2010.
Revised on May 8th, 2019.

*Where doeth the Gundams go now o'river of True Tears?
When shalt we respite Sola into the Infinite Ryvius?
Are we all not but elevens walking the path of Kikaider?
Great Big O, why hath My-HiME forsaken me?
Twast not I who didst dot hack the roots? S-cry-ed!
Woest called by heavenly Galaxy Angels, Towards the Terra
there Wolf's Rain didst fall. There wast lain the Sword of a
Stranger along the shore a Tide-Line Blue. But there twast
no Lucky Star for the Melancholy of Miss Haruhi Suzumiya
to K-On! Only much Zegapain The Girl Who Leapt through
Time hath found. Scrapped Princess wrought Tales of the
Abyss and sang of Silent Mobius. A FLAG of Freedom, a
Geneshaft of an Avenger. No "Banner of the Stars", Akira
cried. "Gurren Lagann", spake Jubei-Chan. Away a Cowboy
Bebop off Planetes bound as Rocket Girls from a Outlaw Star.
"Junkers Come Here" echoed within the Haunted Junction.
Angel Tales of a Betterman brought down by Monkey Magic.
Oh Please Teacher! Whom shall Z-Mind the languish of our
Brain Powered Hoop Days?*
